WASHING

CONVENIENCE

Make a big splash with the Revolution

Revolution is ideal for regular washing loads but also more than capable of handling heavy loads such as duvets, throws, sports wear and much more. The mini laundrette only occupies a footprint of less than 5 sq metres allowing it to be installed in a wide variety of consumer convenient locations.

- 8 & 18 kg washing machines
- 18kg dryer unit
- Intense 30 min washing cycle
- Built-in hypoallergenic washing liquid
- LED lighting & signage
- Disabled accessibility
- Contactless, coins & notes payment options
- End of cycle SMS messaging

Our units are readily adaptable to a host of convenient, exterior destinations, plus all installation costs are met by us.

Not only will your destination benefit from higher consumer demand and footfall, the laundrettes provide a unique, easy access, quick, affordable and hassle free washing experience unrivalled by others.

Take advantage of the new cleaning revolution at ...
